ABOUT 17TH i-SWAM WORLD CONGRESS

i-SWAM World Congress is a leading international congress in aesthetic and anti-aging medicine. For two decades, i-SWAM has been recognized for its commitment to scientific excellence, innovation, and professional collaboration, bringing together experts and practitioners from across the globe.

Bringing together distinguished experts, researchers, practitioners, and industry leaders from across the globe, i-SWAM World Congress serves as a premier forum for the exchange of knowledge, the presentation of emerging evidence, and the discussion of the latest advancements in aesthetic, regenerative, and longevity medicine.

As a truly international congress, i-SWAM World Congress fosters global collaboration, advances medical education, and contributes to the continued evolution of aesthetic medicine worldwide.

WELCOME MESSAGE

ASSOC. PROF. DR. DR. TEGUH TANUWIDJAJA, M.BIOMED (AAM)

Greetings to our dearest colleagues and associates all around the world.

Dear Esteemed Colleagues, Partners, and Friends from Around the World, It is my utmost honor and privilege, as the President of the International Society of Aesthetic Medicine (ISAM) and CEO of i-SWAM, to welcome you to the 17th edition of the International Seminar and Workshop in Aesthetic Medicine — i-SWAM World Congress 2026.

Since 2008, iSWAM has been the pioneer of scientific aesthetic congresses in Asia Pacific, now evolving into a leading global platform that connects more than 20,000 medical professionals from 50+ countries each year. This year, we return to ICE BSD, Indonesia on 4 - 6 December 2026, stronger, bigger, and more united than ever.

i-SWAM 2026 brings together over almost 300 world-renowned experts, multiple specialty tracks including aesthetic medicine, plastic surgery, dermatology, and advanced cadaver dissections, all curated to provide a truly immersive and multidisciplinary scientific experience.

I would like to extend my deepest gratitude to every delegate, speaker, academic partner, and exhibitor who has joined us on this journey. Your trust and participation are what continue to make i-SWAM a symbol of progress, innovation, and collaboration in our field.

Let this be more than just a conference. Let this be a celebration of science, a platform for global dialogue, and a milestone in the future of aesthetic medicine. I look forward to learning, connecting, and shaping the future — **together with you** — at i-SWAM 2026.

With warm regards,

ASSOC. PROF. DR. DR. TEGUH TANUWIDJAJA, M.BIOMED (AAM)

President, International Society of Aesthetic Medicine (ISAM)
CEO, International Seminar and Workshop in Aesthetic Medicine (i-SWAM)

i-SWAM EXECUTIVE BOARD

After months of thoughtful preparation and collaboration across our global community, we are delighted to welcome you to the 17th i-SWAM World Congress.

For us, this congress represents more than a gathering of leading experts. It is a meeting point for ideas, perspectives, innovation, and meaningful connections that continue to shape the future of aesthetic medicine.

Every element of this year's congress has been carefully curated to create an experience that extends beyond the scientific program — from inspiring scientific sessions and live demonstrations to an exhibition showcasing the latest developments in the field.

Thank you for being part of the 17th i-SWAM World Congress.

We hope you enjoy the congress and make the most of everything i-SWAM has prepared for you.
